But despite their efforts, the Bible and the deposit

Pleasant, the Islamic Ummah, especially the younger generation, the future and Quranic culture, the more familiarity with the Bible and its information and knowledge to broaden it, and the field of luminous radiation verses shine and provide it to their hearts.

Statement of Problem

In order to understand better Phenomenon "sedition" Several questions come to express the secret of the difference of the Companions after the Prophet (pbuh) did?
Why do people who pedal for the Prophet (PBUH) had fought for the victory of Islam and their own past lives and had the right to win, after the death of the Prophet (pbuh) line facing each other and a vote on the sword went and took each other's blood [2] ?
Is it possible for a genuine Islamic movement, is influenced by foreign ideas?
Internal or external enemies are more dangerous enemies of Islam?
Is it possible today in our Islamic society, as well as some of the Khawarij Ali come into existence?
Because God said property, children, blessings, life and divine test, what should I do? And most importantly, how sedition to know?

Test is God Certain Law

Including ' Va EnKonnaLemobtallin [9] "It may be pointed out that the people of Noah (AS) tried many times and when taking the test, we or referring to is that we are all human beings at any age and our time-

tested And what happened in this verse and verse, for the people of Noah's time, but also tests in all ages and centuries in various forms occurs. In these experiments, they spur the evolution of mankind, from the way removed to continue their human evolution [10] . The Imam Ali (AS) narrated: "O people, the Lord your refuge and you are not wrong, but the shelter did not test you. God Jalil says: In fact, the (story) and certainly a lesson that we were testing [11] . »

St. testing is one of the immutable divine tradition. This tradition not only of believers and non-believers of all human individuals, including current, which flows about nations and societies.According to the tradition, no individual or no testing centrifugal and remedial society. That is why in Islamic teachings such as prayer, "God, do not test me," prayer is meaningless and considered way. Imam Ali (as) in this case says: "anyone not know (O God of trial and sedition to you for refuge) because no one escape from trial and sedition Not. But anyone who wants to pray, God wants him sedition Misleading is safe [12] . "

Code of idolatry and corruption various individual who came idolatry, in the land of Mecca common and safe sanctuary of God and the corruption which infects the killing was even more. That is why God in verse 191 Chapter II of the MSC says: "for fear of bloodshed, stop the fighting idolatry Not that idolatry is worse than murder. [13]

Sedition in Imam Ali (pbuh) Speech and Manner

One of the main goals of Ali (AS) to prevent roll down the Islamic community in fire s edition respectively.

Imam Ali (AS) on the sedition,many words. Nahj his place on this subject, has expressed great content, such as: "Let me and the other to, that we are going to do in advance of the procedure Haas and species the color is different. Hearts To that place She has not the wisdom of the pie. Surely bound to bind the cloud sedition and was wearing the right [14].

God Test Matters

According to Islamic teachings, all the joys and difficulties that emerge in human social life, the divine test materials, including:

-1 Fear, hunger, loss of life and lack of financial and industrial products and agricultural products [15] .
-2 Property and human life. [16] .
-3 Children of Men [17] .
-4 Material riches and wives [18] .
-5 Good and bad and right and wrong [19] .
-6 Induction evil [20] .

The sphere of the divine test all areas and aspects of human life in the covers. Sphere of personal, family [21] - Social, economic, [22] - Cultural [23] - Political and Security [24] - Military [25]- All aspects of human life that God put to the test Are. In general we can say that each man Optional behavior is an example of divine test.

Test by a Lot of Blesses [26]

Quran of faith and piety is not only a source of spiritual blessings, thereby increasing material abundance, prosperity, and civil OBJECTS and material blessings as well. According to this verse, what is the source of abundance, strength of faith and piety is not the principle of faith, because faith is temporary and cannot Zhu such benefits from their show. Importantly, the strength of faith and piety that showed a lot in this way is the lame and wobbly and affluence, a source of pride and Neglect them or cause the wake of a vessel moan they?

The test of hardness tests are much harder and more complicated, because nature favors increased, Lethargy and laziness, neglect and drowning in the pleasures and desires. This is what the man of God, and the field is prepared for the devil.

Life as God Test

"God who created death and life to test you servants any and he is strong and a [27] ."
"And what on earth is manifested ornament and a land property put people to the test which will better their action in obedience to God [28] "
Life in this world is unstable and symbolic, but the fight with the devil and air or breath test and test and competition among human beings, competition between ideas and your process, how to live and how they are treated Khotan [29] .
S edition and Wealth **and** Child as 2 God Tests
"Because of the property and the children of God and the Prophet, and do not betray the trust of others [30] ."
We know that wealth and children are some of the Muslims who had migrated to Medina, the Mac was still in its appeal to the pagans, idolaters put some news of some Muslims to have the wife and children and His property does not work. This verse warns Muslims that you get tested by the property ashamed lest the exit exam [31] . However, the (wealth and children) are what man has to be attached to them. So we have intelligence, because many people in the field and eternal damnation for their own [32] .

Sedition Conditions

Condition sedition Are so interwoven that even smart people simply cannot do what is right and wrong not to recognize that the well where and what and where and what is water and Mirage, which?
Condition sedition while the two groups, both in appearance from prayer and fasting and prayer are arrayed against each other them. In such circumstances, the diagnosis is not an easy task.Fight against those who are shining backgrounds in Islam and the Holy Prophet (PBUH) TL Page Khair And Saif al-Islam has been dubbed, is not easy. Most important of these, as opposed to confrontation in which one of the wives of the Prophet (PBUH) that he as God "Umm Ali" calls, is located. In writing and show descriptions may sound simple, but in practice very difficult to insight and patience and the special needs of [33] .

Sedition Characteristics

1 - Misgiving right and wrong semi and it is right and wrong as long as sedition reveals its cast and its dark eyes covered [34] .
2 - Beginning unknown and covered the unknown is: Snacks
It is like a hidden way: on levels of Light.
In the words of Ali (AS) as early initiation of a young, happy and charming, works as signs that the task stone remains ugly and unworthy [35] .

Test in Different Faces [37]

Exam An age of perpetual and eternal God, and God is in this age group and the population as a partner and contribute to the exams they will of God in the face of. Group in some are considering the

temptations of corruption infects every surrounds them. The big test is that in such a climate and circumstances, not the color of the environment and to preserve their originality and purity. Group in the deprivations pressure their while to see if there is a meaning to their original basin producing capital, poverty and deprivation can break their fast, but at the cost of the loss of faith and piety and freedom and self-dignity, this test them. Others, on the contrary, bathed in grace and material facilities are provided in every respect. With these conditions, thanks to the blessings of God are there? Group's countries to put that at the same distance from God and virtue and morality of material civilization and social welfare enjoy stunning notably are worth.Here mysteriously powerful attraction that leads to this kind of life that the price of failure to uphold all the principles that they believe and the price of the humiliation of dependence can live for themselves and their society provide. It is also a test. tragedies, suffering, wars and conflicts, famine and inflation, autocratic governments and their captivity invite people to slavery and that to surrender arrogant plans to call the powerful waves of passion and lust, each of these tests by the servants of God, and the way in This is the faith and character and virtue and purity, integrity and freedom of individuals is determined.

In Today and Past Making Sedition

Creation sedition in the past the planned complex and not nested, but nowadays to create sedition in a society for years is planned. Research of sociological, anthropological and psychological wide of the target population occurs. Mainstay's sedition pre-identification and training of scientific and psychological sees and gently laid in place. Through the press, the media, new novels, textbooks and other educational and recreational activities and tourism, promoting fashion and new models, promoting the spirit of consumerism and consumption of oxidation, a black picture of the activities of the activities and most important of all, the way to create doubt in the beliefs and values of the society the overall goal of all possible ways, are trying to slow the religious sensitivities and values and thus undermine the people to overthrow the ruling system provide the necessary framework to achieve the lowest cost to their goal [38] .

Samples of Sedition in Today Life

1- Birth pyramid companies[39] .
2- Invasion and cultural ambush and subsequent spread of corruption.
3 -Promoting the separation of religion and belief Isolation supreme leader.
4- Seeking utmost arrogance and foreigners.
5 -Of weakness and lack of access to new technologies and tools and technologies.
6- Differences and divisions between parties and groups and in some areas the difference between Sunnis and Shiites.
7- Innovations, superstitions, deviation and erroneous interpretations of religion.

Drawing Right and Futile as the Best Example 3

In this example, the most meaningful view of right and wrong to be drawn. -1 (The flood carried on your floor) on the bottom of the clear water is less obvious because the floor due to water contamination foreign bodies is produced. From here it is clear that if the right Safa and remain in its original purity never wrong floor around it is not obvious, but when the impact on the environment contaminated, and the color of their environment, superstition and the truth and the purity of the false with impurity was mixed, false floors appears next to it. This is what Ali (AS) about it has said: "If you do not cancel with the right mix, the seekers of truth is not hidden, and if the right to cancel was not covered, although the cut was absurd language of the enemy." 2-(and the river valley and the size of the flood was here):
Examples of this can be used as the source of divine grace any restrictions and prohibition of avarice, as the clouds of heaven unconditionally rain everywhere, and this piece of land that are in each area so

Despite its own benefit. 3 -(But what benefits people will, remain in the ground): as of the water and the floor and the bottom of the molten metal and the water remains clear and pure metal, people, groups, schools and programs as well as useful and helpful, right survival and life in the wild. If you see a man or a school of vicious head feet, this is because it is the right amount of your mixed.

The Biggest Reasons for Deviation

"Glamorous life you [40] "
People have several groups: some are so decrepit that only see the glamor world, their deception is enough, but some have more strength, should also be added temptations of the devil and the devil inside and outside should The time to be seduced by them. "Pride" Everybody is deceptive means such as Satan, charming man, every book, every position Whisperer deceptive and misleading human being whom, in the broad sense of the word inside. Ali (as) in this regard. Says: "It brings the world and going." World charm and blaming it for the most neglected aspects of life, sometimes causing it to self-employed people will be unaware of anything otherwise.
Other factors include: selfishness, presidential politics, and heresy in religion named.

Social Benefits of God Test

Divine testing, especially testing that occurs in Muslim communities, the benefits are many in the community. Among them, the refinement of the NIR and the foul, and deception is wrong.Social experiment makes high ten on the face of hypocritical and two-faced people pull out their real face is clear for everyone. Talents are met, and the community cooked. Quran says: "we are of the day [defeat and victory] between people in order to turn [them remember to take] And He who [truly] believe love it and take witnesses from among you, and Allah does not love the transgressors; and to God to purify those who believe and disbelieve [eventually] destroy; or think ye that the paradise without being God's soldiers and the steadfast love it [41] "
"Do you think that [had to] leave you while yet Allah those who fight you, and other than Allah and his messenger and the believers did not his confidante, [the others] It is not clear? [Should be separated ranks test below] and Allah is aware of what you [42] . "
That is why the emphasis is on tradition: the faithful, especially in the end, not only should they occur sedition and test and that should hesitate to welcome them [43].
Prophet (pbuh) says in this regard:
"From sedition and tested at the end about not because it will lead to the destruction of hypocrites. » [44]
Imam Sadegh (pbuh) says in this regard:
"Welcoming sedition Go, because in sedition that the unjust rulers and destroyed the atmosphere and the land cleared of miscreants» [45]

The Necessity to Fight with Sedition

"From sedition you not only avoid the wicked, (but occupies all because the others were silent) and know that Allah is severe in punishment. »
In this verse means sedition, disrupting legitimate Islamic government and it wrongly took the reins of the conspiracy to eliminate certain provisions of the Book of Allah and the Sunnah of the Prophet oppression such sedition is closed to all Muslims [46]
Tabatabai great commentator observed that the reader of this verse, all the Islamic Ummah and the community of believers.[47]
All the Muslim community and all believers are obliged to sedition that although special appearance oppressors and tyrants, fighting, because the damage and pests sedition,everyone will take.
If the duty of Muslims to fight with sedition do not, severe punishment of Allah in this world and the hereafter will be awarded a bread, punishment such as social differences, insecurity, murder, corruption

and so on in this world and hell on Judgment day . Therefore, all members of the Muslim community to special - elite properties - is necessary to identify sedition and informing the community, trying to fire sedition and root burn it off.
“La even move sedition anddin Allah."
“Fight them until other sedition For God is not a religion»

Policy and Suggestions to Prevent from Making Religion Damaging Sedition

1- Insight and awareness of children and adolescents.
2- Educational classes and a time for youth and students.
3- Awareness among teachers and coaches and parents and anyone who has a relationship with the young people.
4- To clarify the truth to everyone and the true spirit.
5 -Promoting values .
6- Strengthen beliefs.
7 -Separate line sedition expensive sedition victims.
8 -Gain knowledge of the enemy.
9- Prevent arms sedition expensive.
10- Resistance to illegitimate demands sedition expensive.

Conclusion

Undoubtedly, God's people will try a variety of difficulties and suffering. In many cases " sedition » Gripped the faithful people and causes, several of their religious beliefs and the way the truth and the road leading to lose out in this way is necessary to achieve eternal bliss . [48]
Imam Ali (AS) says about this : " Learn to know the real sales of redemption, salvation and knowledge fragile alliance will not know the Koran, the Koran will make a firm covenant and do not include sales of the Quran instead, he cannot grasp the Quran . » [49]
God's wisdom and insight to give everyone the right to be wrong, and we recognize ourselves in killed.
